Emergent Space Technologies, Inc.

Size Standard	Small Business, NAICS: 541330, 541511, 541512, 541712
Corporate Description	Flight Dynamics; GN&C; Flight & Ground Software Development; R&D
Organizations we support at Goddard	Code 580, Code 590, Code 400, Code 600

Goddard Contracts	**Capabilities**
OMES II	GN&C Algorithms & SW, Modeling and Sim, C&DH Flight SW Development
SES II	Ground Systems Software Design, Development, Integration and Test
GGSG III *GSFC 2018 Small Business Subcontractor of the Year!*	Mission Design, Precise Orbit Determination, SW Design and Development

Other NASA Center / HQ Contracts	**Capabilities**
Orion CEV	GN&C Algorithms & Flight SW Development, GN&C Flight SW V&V
PESS	Small Sat GN&C, Electrical Systems and RF Engineering
WESC	Sounding Rocket Payload Integration, Test & Ops; Ground SW Dev

Capabilities in Other Markets that could benefit Goddard's Mission	Autonomous Satellite Constellation/Formation/Cluster Flight; GNSS Positioning, Navigation and Timing; Cybersecurity
