

# Member Company Spotlight

## Vantage Systems, Inc.

**Size Standard**    Approx. 250 employees; \$45M/year revenue; NAICS Code: 541715; SBA SDB; HQ - Lanham, MD

**Corporate Description**    25+ years serving NASA/GSFC; Multidisciplinary Engineering (Software, Mechanical, Electrical, I&T, Mission Ops); Scientific Research; Program Management, MLI Blanket Fab

**Organizations we support at Goddard**    Codes 400 (Flight Projects); ETD (Codes 540, 560, 580, 590)  
Projects: WFIRST, PACE, Restore-L, LCRD, PSP, Landsat-9, JWST, HST, JPSS, ICESat-2, MMS,...)

### Goddard Contracts & Capabilities

**TIDES, Code 590** (JV partner of prime contractor TVS): GN&C Space Flight and Ground System Software and Hardware; Engineering Support (Electrical, Materials & Structures, Systems Engineering, Propulsion, Communications & Intelligent Systems, Mechanical Systems Design & Integration, Electrical and Mechanical Components and Subsystems Fabrication)

**OMES, MIST, MOSES, ESES II, GGSG III:** Mission Systems Engineering, S/C Integration Support, Engineering Services, I&T Support, Mission Ops

### Other NASA Center / HQ Contracts & Capabilities

**APL:** Structural Analysis, MLI Blanket Design and Fabrication, S/C Mechanical & Electrical Integration.

**Glenn Research Center (GESS-3 contract):** Engineering & Scientific Research and Technology Development Support (Communications, Propulsion, Cryogenics, Materials & Structures, Physical Sciences & Biomedical Technologies); Operations Support; Program Management

**LASP (Laboratory for Atmospheric & Space Physics):** S/C Multi-layer Insulation Blankets, Engineering Support
