

Member Company Spotlight

Millennium Engineering & Integration, LLC A Member of the QuantiTech Family of Companies

Size Standard As of Feb 4th: Large Business; \$580M+ revenue; 2100+ employees; Headquarters – Huntsville AL

Corporate Description Design, development, integration, test, systems engineering, modeling/simulation, software solutions, cyber security, mission assurance (NASA, DoD (MDA, Army, Navy, Space Force, USAF, Navy), Intel, FAA, Commercial)

Organizations we support at Goddard Safety and Mission Assurance Directorate; Flight Projects Directorate; Applied Engineering & Technology Directorate, Wallops Flight Facility (Code 800)

Goddard Contracts

Capabilities

Safety & Mission Assurance Services II (SMAS II) (prime)	Hardware quality, safety, reliability, software assurance, WFF flight safety
NASA GSFC OMES II (subcontractor); ESES III (sub)	Mission operations, flight software, algorithm development, design
WFF: ROC II (subcontractor), WESC (sub)	Range operations project management, flight safety, maintenance mgmt

Other NASA Center / HQ Contracts

Capabilities

ARC Project Engineering Support Services II (Prime)	Systems engineering, design and development, fabrication, assembly and integration, testing, mission concept and design, mission operations
AFRC Engineering Technical Support Services (sub)	Flight research, operations, modeling, and project management
JSC Safety and Mission Assurance Engineering Contract (sub)	S&MA and mission operations support for CCP, ISS, EVA, and Gateway

Capabilities in Other Markets that could benefit Goddard’s Mission USSF / USAF – Product Development Center Software Development, Situational Awareness
NASA MSFC Modeling and Simulation Capability / Reliable Expandable Satellite Testbed
