AIMC

INNOVATE • CHANGE •

AIMC, LLC

Size Standard	Under 7 M NAICS Size Standard; 33 FTE; SBA-certified 8(a), Small business (SB), Certified woman-owned small business (WOSB), Certified economically-disadvantaged woman-owned small business (EDWOSB)
Corporate Description	AIM Consulting provides agile, mission-ready solutions at the intersection of technology, training, and operational excellence — with a proven track record in NASA, DHS AND treasury. Our teams specialize in rapidly deploying skilled talent and innovative systems to advance complex federal missions, from simulation to space.
Organizations we support at Goddard	Software Engineering Division (SED – Code 580) of GSFC's Engineering and Technology Directorate (ETD – Code 500)

Goddard Contracts	Capabilities
Software Engineering Services III (SES III)	AI/ML/LLM/RPA subject matter expertise and SBIR support

Other NASA Center / HQ Contracts	Capabilities
No current contracts; AIMC leadership has previous supported NASA SEWP and HQ Operational Support Services	IT Project and Program Management, AI Solutioning, Facilities support services; program support services; library, outreach, help desk, etc.

Capabilities in Other Markets that could benefit Goddard's Mission	Our largest client is the DHS FEMA Center for Domestic Preparedness (CDP), where we provide program support services for their general training programs and their specialized live agent training at the COBRA Training Facility. We also have current and recent contracts at the Treasury Bureau of Engraving and Printing, Library of Congress, D.C. Courts, Government Publishing Office, and others that have included IT Project Management, strategic advice, acquisitions subject matter expertise, training design and delivery.
