

Member Company Spotlight

Science & Technology Corp.

Size Standard Primary :541715, and 375+ employees, \$53.3M, HQ: Hampton, VA; Columbia and Lanham (GCP) MD, MOSB founded in 1979

Corporate Description Earth/Space/Aero Science & Engineering Services, Machining & Fab: Civil, and DoW,

Organizations we support at Goddard Code 400, 500, 600

Goddard Contracts

ATMOS Prime

Atmospheric Satellite Products, Data systems, Field campaigns User Outreach, Earth science mission support

GSMO, SESDA and GLOMAS (awarded) Subcontracts

GEO Space Weather Satellite engineering , and products, GLOBE Science, Engineering & Fabrication, Data Assimilation , NWP Modeling

Other NASA Center / HQ Contracts

LaRC: MCHFSS (*Prime*), RSES (*Sub*)

Fabrication, Systems Engineering, Research & Development, Science

AFRC: ETSS (*Prime-IV*)

Aerospace Engineering, Mission Operations (meteorology)

Capabilities in Other Markets that could benefit Goddard's Mission

NOAA Prime: Satellite Algorithm research, **RF Spectrum Engineering**, Cloud Transformation, User Engagement, Satellite Ground Systems; NOAA/NWS: NWP-EPIC, AI/ML; USSF & commercial : SmallSat Systems Eng. and Ground Systems (cloud and prem), Antenna Support
